

SUSHANT UDHAV JANWADE

Android & Frontend Developer

Latur, Maharashtra, India • +91 9518363330 • sushantjanwade89@gmail.com • github.com/sushantjanwade • sushantjanwade.github.io

PROFESSIONAL SUMMARY

Detail-oriented **Android & Frontend Developer** and final-year Information Technology student with hands-on experience building native mobile applications and modern web solutions. Skilled in **Java, Kotlin, XML Layouts, JavaScript, and Firebase**, with proven capability in designing responsive user interfaces, integrating secure REST APIs, and managing MySQL databases. Dedicated to writing clean, modular code and delivering high-performance user experiences.

TECHNICAL SKILLS

Mobile Development:	Android Studio, Java, Kotlin, XML Layouts, Activities & Fragments, UI/UX Design
Web Technologies:	HTML5, CSS3, JavaScript (ES6+), Responsive Web Design, Flexbox & Grid
Backend & Database:	Firebase (Realtime Database, Auth), MySQL, PHP, XAMPP Server, REST APIs
Developer Tools:	Git, GitHub, Postman, VS Code, Android SDK, Gradle, phpMyAdmin

KEY PROJECTS

MediConnect – Healthcare Management System [Android • Java • Kotlin • Firebase • PHP/MySQL](#)

- Architected a multi-role healthcare application with segregated portals and role-based access for **Patients, Doctors, and Administrators**.
- Implemented real-time appointment scheduling, medical record management, and push status notifications using Firebase & RESTful APIs.

Studyverse – College ERP & Academic Management Portal [Android • Java • Volley/AsyncHTTP • MySQL • Postman](#)

- Engineered a centralized mobile portal for academic tracking, featuring digital attendance logging, exam result distribution, and secure authentication.
- Integrated lecture notes repository and in-app PDF document viewer linked with custom PHP backend services and MySQL database.

Elite Stay – Luxury Hotel Booking & Management Platform [HTML5 • CSS3 • JavaScript](#)

[Live Preview ↗](#)

- Designed a high-converting, fully responsive web application featuring room reservations, dining catalog, and interactive UI navigation.
- Optimized web assets, DOM rendering, and CSS styling to achieve ultra-fast page load speeds across desktop, tablet, and mobile devices.

Personal Developer Portfolio Website [HTML5 • Modern CSS3 • JavaScript](#)

[Live Preview ↗](#)

- Built a showcase portfolio featuring crimson glassmorphism visuals, smooth interactive HUD elements, and responsive layout architecture.

EDUCATION

Diploma in Information Technology

Government Polytechnic, Gondia

Pursuing (3rd Year)
